

Brocade FastIron Edge X Series Switches

Product highlights

Full L3(BGP 포함)
IPv6 라우팅
메트로 스위치

Data Center Access

- **High capacity in a compact form factor**
 - DC modularization with GbE ToR solution
 - Up to 136 Gbps line rate, non-blocking performance
 - Up to 48 10/100/1000 MbE ports in 1.5U
 - Up to 256,000 IPv4 and 32,000 IPv6 routes
 - Deep packet buffers
- **Optimum flexibility and high availability**
 - 24- and 48-port copper and 24-port fiber models
 - All models support four combo ports for uplinks
 - All models field-upgradable to 2-port 10 GbE
 - Redundant, removable, and load-sharing AC/DC power supplies
- **Advanced software features**
 - Full IPv4/IPv6 unicast and IPv4 multicast
 - Dense chassis-class feature scalability
 - Robust security suite
 - Advanced QoS
 - sFlow for granular network traffic accounting
